AT THE AIRPORT

Please allow sufficient time for check-in processes and be prepared to check all baggage which would otherwise not meet AC carry-on baggage rules. Review Air Canada's baggage policy at www.aircanada.com/en/travelinfo/airport/baggage/checked.html

When traveling to the U.S., please provide sufficient time for U.S. customs & immigration formalities when pre-clearance is offered in Canada.

For international travel, you must obtain a valid health visa and proof of citizenship. In the event that you are denied entry into a country, resulting in a cost to Air Canada, the airline shall retain the right to seek redress for any and all costs it incurs. Such occurrence may likely result in the withdrawal, cancellation or suspension of reduced rate travel privileges of the travel agency by which such travel agent is employed.

When children, under the age of 18, are traveling with only one parent, several countries, including MEXICO, require a notarized letter of consent signed by both parents. Please ensure you verify travel information every time you travel, as you may get denied entry if you do not have the required travel documentation.
