All coverages are per person unless the context states otherwise

Provide full and accurate information

If you make a false statement or if you fail to declare certain information before or during the coverage period, we may cancel your coverage.

1. WHO CAN BE INSURED

Eligibility requirements to be covered under the travel insurance

You are eligible for the insurance if you meet all the following requirements:

- You live in Canada.
- You're covered under a government health insurance plan (such as RAMQ) for the entire trip duration.
- You have not been advised by a physician not to travel.
- You must have made a new booking for your round-trip international flight with an Air Canada ticket (number must start with code 014), including at least one flight marketed or operated by Air Canada, that includes this insurance.
- You must be a valid Aeroplan Member and have a valid Aeroplan number prior to your first **round-trip international flight** that departs Canada.
- Your entire trip outside of Canada is 21 days or less, including the date you leave Canada and the date you return to Canada.

If you don't meet the eligibility requirements, the insurance is not valid, and you will not be covered.

This COVID-19 emergency medical certificate of insurance is provided to you at no cost. The insurance product is not renewable.
